CSE 5520 Fall 2021

Final Project Presentation

Time: Session 1: 5:00– 7:30 pm, October 27 (Wed), 2021

   Session 2: 5:00– 7:30 pm, November 3 (Wed), 2021

Medium: HuskyCT (recorded session*)

Guideline for Final Project Presentation

Each speaker should prepare a 4 min presentation**. After presentation the audience and the speaker will engage in a short Q&A session (3 min) so that each presentation can be completed within 7 min. We will use 1 min for transition between speakers. Your presentation should include the following type of information.

1. Goal(s) and overview of your project – It is basically the abstract of your final project (adjusted/improved after proposal presentation)
2. Identify and list data sources you have used.
3. You give a live demo by enumerating examples of analyses your Dashboard is supporting. It should be use cases and it should be use scenario driven.
4. Delineate easy ones from more challenging ones so that you can emphasize your accomplishments.

Each of you should prepare a visual aid (e.g., PPT) for your presentation which can include items described in the above.

Similar to the proposal presentation, audience will be given Peer Evaluation form which should be filled and submitted to HuskyCT after both sessions are over. It must be submitted in MS Excel (not PDF) so that assessment outcome tallying can be done easily. Participation credits are assigned for the submission.
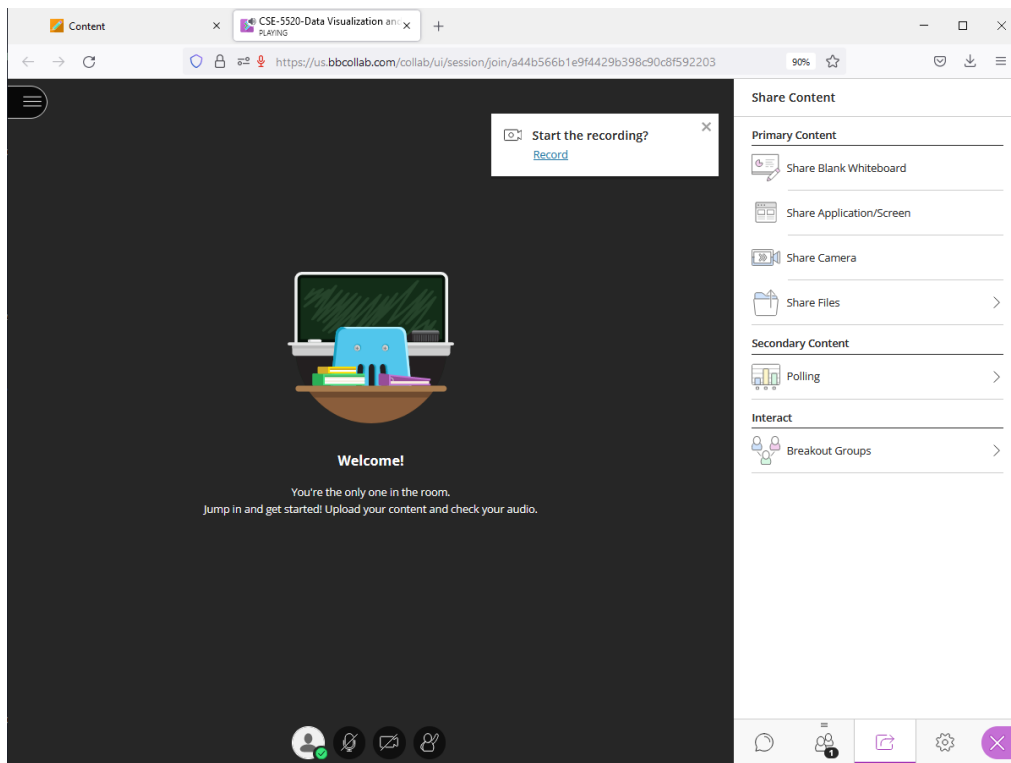

To minimize the transition time between presenters, speakers should have the sharable materials ready for Collaborator sharing and should practice how to share these from your computing environment. Help materials are given below.

* Recording must not be used outside of the UCONN learning environment.

** The final presentation should be recorded beforehand and the recording is played during the allocated slot. Q&A will be done interactively. Three people chosen from the peer will be required to examine the presenter's Dashboard beforehand, fill Final Project Evaluation form and pose questions. Others can also ask questions.

Name	Presentation
Honglin	12/8/2021
Shubhangi	12/8/2021
Anthony L	12/8/2021
Majid F	12/8/2021
Chenyu Z	12/8/2021
Zhixia D	12/8/2021
Dongping Z	12/8/2021
Allison G	12/8/2021
Shariq K	12/8/2021
Devin M	12/8/2021
Vidyalaxmi K	12/8/2021
Lenny A	12/8/2021
Peter Z	12/8/2021
Graham R	12/8/2021
Ankit B	12/8/2021
Kaustubh P	12/8/2021
Michael M	12/8/2021
Seth F	12/8/2021
Alexander Z	12/13/2021
Sybille L	12/13/2021
Peng C	12/13/2021
Jackie R	12/13/2021
Bala S	12/13/2021
